### Theme: "Cut it Out!"

When we are bairns you may hear mum or dad shouting in desperation "Cut it out" when things are getting a bit fraught in the family home. It usually means that something's going on that is not so good for the nerves... Jesus, in the Gospel of St Mark, calls on us to "cut out" or "cut away" any aspect of our being human that is a source of falling into sin. It could be our eyes, our hands, our stomach or even our feet, i.e., legging it down the street instead of spending time with those who need help most. If we have a weakness then let us be honest about it in the sight of God and allow it to be addressed in a mature and enlightened manner. Let us be content with what God wants us to do, even if our own kith and kin don't appreciate it at the time. God Bless you all.

### Reflection: "Being Christian" (Rowan Williams)

"The prayer of baptised people is growing and moving into the prayer of Jesus himself and therefore it is a prayer that may often be difficult and mysterious. It will not always be cheerful and clear and it may not always feel as if it is going to be answered. Christians do not pray expecting to get what they asked for in a simple sense – you just might have noticed that this can't be taken for granted! Christians pray because they have to, because the spirit is surging up inside them. Prayer, in other words, is more like sneezing – there comes a point where you can't not do it! It is not about results or about being pleased with yourself, it is just what God does in you when you are close to Jesus".

### 'Angels and Demons'

### SHARED PARISH NEWS

In a few days' time, we celebrate the Feast of our Guardian Angels, at the start of October, and the last day of October is the 'Eve of All Hallows' (Eve of All Saints), otherwise known as Halloween. These religious events manifest the struggle between good and evil, between light and darkness, between fidelity and infidelity, to the teachings of Jesus in the Gospel. In Scotland today, as in the wider world, our lives are continually challenged by the call to moral virtue. This means asking the question, how strongly does my faith in God govern my conscience and shape the choices and decisions I make for my family and myself, my job and my country? The danger for the life of the world is when a person is devoid of moral absolutes and resorts to an 'anything goes' value culture. "St Michael, the Archangel, defend us in the day of battle".

### Sacramental Life of our Parishes

- (i) We are blessed to have three more children baptised in our parishes this weekend. So encouraging in the long-term life of the Catholic Christian Community. God Bless Sam, Bradley and Alyssa.
- (ii) The Primary 3 Sacramental Programme will be launched in about four weeks' time. It is very important that parents and guardians make a real effort to form their children in the way of Jesus and the Gospel. Remember that at their baptism you made a promise before God to carry out this beautiful vocation. The parish is here to help carry out that mission.  
***P3 Parents Meeting – Winchburgh – Sunday 3<sup>rd</sup> October 12.30pm in Church. Broxburn – Tuesday 5<sup>th</sup> October 6.30pm on Zoom.***

Six or seven priests will be attending and the Mass is open to all who would like to be there. Please could parishioners volunteer to serve teas in the Canon Hoban Hall afterwards? ### The Teachings of Laudato Si in Preparation for COP-26 in Glasgow (5 weeks' time)

Para 51: "The export of raw materials to satisfy markets in the industrialised north has caused harm locally, as for example, in mercury pollution in gold mining or sulphur dioxide pollution in copper mining. There is a pressing need to calculate the use of environmental space throughout the world for depositing gas residues which have been accumulating for two centuries and have created a situation which currently affects all the countries of the world. The warming caused by huge consumption on the part of some rich countries has repercussions on the poorest areas of the world, especially Africa, where a rise in temperature, together with drought, has proved devastating for farming. There is also the damage caused by the export of solid waste and toxic liquids to developing countries".

### Saints Days this week

**Monday 27<sup>th</sup> September – Memorial of St Vincent de Paul:** 'Monsieur Vincent' was born into a peasant family near Dax in South Western France in 1582. As a seminarian, he was captured by pirates and sent to North Africa. He converted his captors and returned to France. Working with the poor peasants to the north of Paris and influenced by St Francis de Sales, he founded a charity to help the sick and the poor. He then went on to found an order of priests, 'The Vincentians' to have a preaching mission and 'The Sisters of Charity' to live a convent life but visit the homes of the sick. He died in 1660.

**Friday 1<sup>st</sup> October – Memorial of St Therese of Liseaux:** Virgin and doctor of the church. Born in Alencon, France, in 1873, she became a Carmelite Nun at 15 years old. She was convinced that everyone is called to holiness and that she, a 'Little Soul' needed to find a 'little way' to achieve it. Contracted TB in 1894, she continued to write moving letters to missionaries in Vietnam. The underlying strength of her character and the original power of the writings is much revered to this day.
